PATIO AWNING TIPS, FACTS AND COMMONLY ASKED QUESTIONS

THE SPIRIT FX, FIESTA & SIMPLICITY:

- Spirit FX and Fiesta available in Vinyl, Vinyl Custom Graphics, Polyweave and Standard or custom Sunbrella Acrylic fabrics and custom colored Alumaguard and arms.
- Simplicity awnings have mill-finished castings, and are available with vinyl fabric only and white or cream Weatherguard.
- Available with vinyl Weatherguard or Alumaguard (custom colors available).
- Available with black or white castings. (Mill finish only for Simplicity).
- Length of the awning is determined by measuring from center of arm to center of arm. Be sure the arms will not interfere with any compartments, lights, mirrors, doors etc.
- Canopy will measure 10" shorter than stated awning size.
- Roller tube will measure 7" shorter than the stated awning size.
- Alumaguard will measure 9" shorter than the stated awning size.

THE SPIRIT FX, FIESTA & SIMPLICITY ARMS:

- Available with straight or curved hardware.
- If you are ordering straight hardware, you need to know the length the arms will need to be. This may be determined by measuring from the center of the awning rail to the floor line, where the bottom brackets will mount. Once you have this measurement, use the ARMS APPLICATION CHART listed to select the proper arms.
- If you are ordering curved hardware, use the ARMS APPLICATION CHART listed to select the proper arms.
- Custom colored hardware is available (additional charges apply).

ADDITIONAL INFORMATION:

- The minimum clearance above the door is 3" for vinyl awnings and 4" for acrylic awnings with Alumaguard.
