119 CUSTOM Acrylic Colors

Now Available in Just 72 hrs!

Sunbrella® fabrics will not rot, mildew or deteriorate with minimal care. Sunbrella's solution-dyed acrylic fibers won't crack, peel or harden. The color can't be removed or washed out. Sunbrella acrylic fabrics are very strong, and extremely durable.

Acrylic fabric is breathable so air can circulate through; moisture isn't trapped resulting in odor and/or mildew. Follow fabric care instructions.

All custom acrylic patterns will run horizontally unless specified to be vertical.

PolyWeave Vinyl The look of acrylic; the durability of vinyl

--	--	--	--	--

Upcharge will apply. As with all woven fabrics, light may show through PolyWeave Vinyl. This is a fabric characteristic and is not covered by warranty.
