

*"China toilets for virtually every RV"*

## SeaLand Sanitation Systems

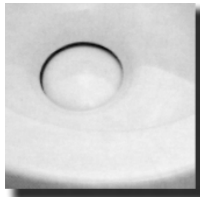

### Think China. Think SeaLand.

There are good reasons vitreous china (china with a glass-like surface) is the only choice for toilets in homes.

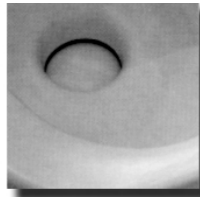

**China is tough.** No other material has the long life, cleanable surface and attractive appearance. It's a ceramic material fired at very high temperatures to form a virtually nonporous body. Exposed surfaces are coated with a ceramic glaze and fused to the body, and will not scratch, craze or burn with normal use.

**China stays beautiful.** Almost impossible to stain, it can be cleaned with tough abrasive cleaners year after year for decades and still retain its luster.

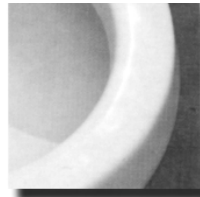

With SeaLand's unmatched quality and value, why settle for less? There are models for all types of vehicles, even travel trailers—all china, with all the residential-style features you enjoy at home.

## SeaLand Magnum Opus™ The Defining Work of Elegance

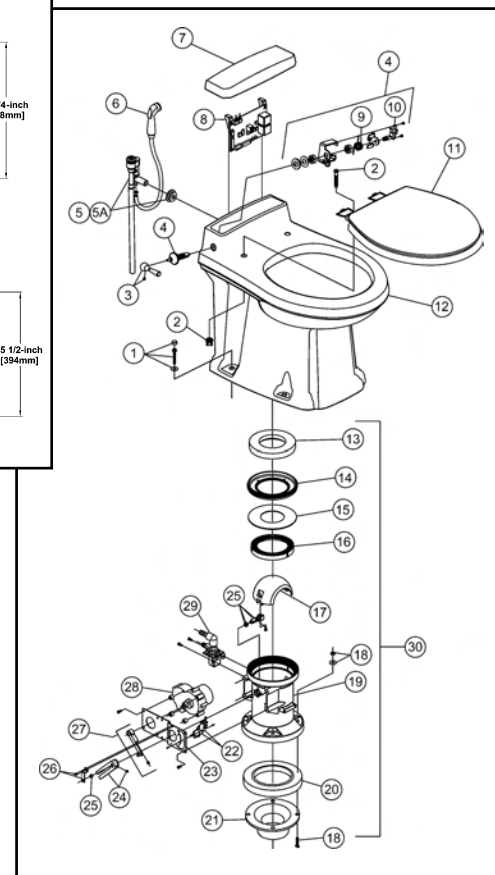

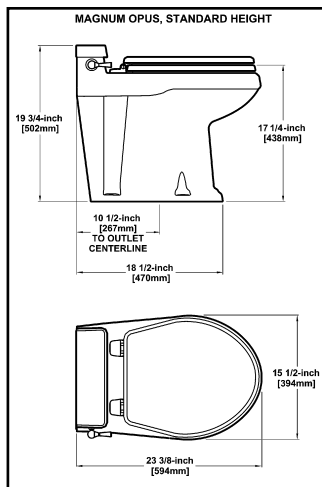

The SeaLand Magnum Opus is the ultimate vitreous china toilet for motorhomes and bus conversions. Its solid china residential styling includes an elegant wood seat with elongated opening for maximum comfort. Seat heights are hip and knee friendly.

A familiar chrome-plated lever triggers a whisper-quiet flush—no industrial-looking buttons or disturbing motor noises in the middle of the night. The Magnum Opus can be installed for gravity discharge, or with the SeaLand VacuFlush system which allows placement of the toilet up to 20 feet from the vehicle's holding tank. Programmable water control automatically regulates the amount of water used for flushing.

The Magnum Opus is designed for simple, easy cleaning—and its new pressure rim design improves flushing action to help keep the bowl sparkling clean. Hand Spray option is available, and easily installed.

- All china construction
- Flush-and-forget operation
- Programmable water level
- Vacuum or gravity discharge
- Standard 17-inch seat height
- Pressure rim for excellent flushing action
- Hand spray option available
- White or bone color
- Sturdy four-bolt mounting
- Three year limited warranty
- Ten year limited warranty on bowl finish

## SeaLand Maintenance Products

### Tissues, Cleaners and Holding Tank Deodorants

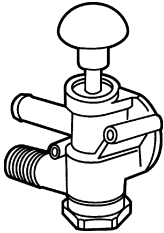

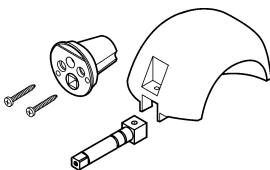

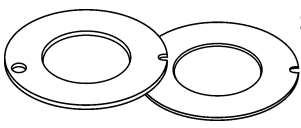

SeaLand® tissues in 1-ply and 2-ply are biodegradable and dissolve rapidly, helping to keep RV toilet systems clean and easy to maintain.

SeaLand® Brand holding tank deodorants and cleaners are available with fast-acting ingredients to provide instant odor control, break down waste and keep tanks clean. Environment-friendly formulas are also offered which work safely and effectively without formaldehyde, quaternary salts or other harsh chemicals.

SeaLand® toilet bowl cleanser is a thick liquid that works in just two minutes. Non-toxic, biodegradable ingredients make it safe to use on everything in the bathroom.
