IMPORTANT 2005 ADD-A-ROOM CHANGES

YOU MUST BE CAREFUL WHEN ORDERING BECAUSE THE 2005 MODEL FRONTS AND SIDES ARE NOT INTERCHANGEABLE WITH THE 2004 AND EARLIER MODELS.		
COMPONENT	2005 MODEL	2004 MODEL
SIDE PANEL	<ul style="list-style-type: none"> • One universal side panel: • Awning rail to ground fit • Dimensions 91"-138" • Expandable sides can fit awning extensions of 88"-96" 	<ul style="list-style-type: none"> • Universal side panel dimension 90"-125" • You had to custom order side for longer extension awnings
SNAPLESS SIDE PANEL	<ul style="list-style-type: none"> • Now a separate kit that attaches to the side panels. • Mounting bracket range is 69"-85" (floorline to awning rail) • Fits entire range of sizes • Must order separately • Fits carefree ltd aar, standard, breezeway and newer model a&e rooms 	<ul style="list-style-type: none"> • You had to order snapless side panels and you had three size panels to choose from.
FRONT PANEL	<ul style="list-style-type: none"> • New model front panel is 8" taller (total length is 104") 	<ul style="list-style-type: none"> • Front panel was 96"
SKIRTING	<ul style="list-style-type: none"> • New model is 35" tall 	<ul style="list-style-type: none"> • Skirting was 29"

* Why the change? With the expanding variety of vehicles being built, the range of fit must be expanded to cover more applications without having to special order. Custom orders for rooms are causing dealers and consumers to have to wait. Rooms are now flexible so consumers who move to different vehicles with the same size awning or larger, can still use their room.
